

## TLI30319 Certificate III in Supply Chain Operations (Release 2)

Certificate III in Supply Chain Operations is designed to develop skills and knowledge for an individual to operate within the warehouse and logistics industry:

- Increase awareness of legislation requirements and your Chain of Responsibility requirements
- Enhance your skills in safety
- Induction processes
- Quality systems
- Customer service
- Stock control, Reveal and Dispatch operations

**Gain the qualifications you need to be a part of this growth industry and help keep Australia moving.**

### **QUALIFICATION DESCRIPTION:**

This is a qualification for those engaged in supply chain operations and includes specialisations for logistics and warehousing operations.

It involves a defined range of skilled operations, usually within a range of broader related activities involving known routines, methods and procedures, where some discretion and judgement is required in selecting equipment, services or contingency measures within known time constraints. It may also include responsibility for coordinating the work of others.

### **We achieve results by ensuring that our training programs are:**

- Flexible, innovative, current practice, interesting and engaging
- Driven by workplace outcomes

### **DELIVERY & DURATION:**

- Workplace-based delivery over 12 months
- Practical hands on application to support learning
- Our Trainer/Assessor is in the workplace
- Observation, Questioning, Third Party Reports, Workplace Evidence

### **COURSE FEES:**

Please contact David Pinnock for course cost and further details on 0409 040 620
